

GOVERNOR COMES BACK TO-MORROW

Left Charlottesville for New York
Last Night.

MANY PEOPLE AT THE CAPITOL

Mr. John H. Overby's Brother Dead
Secretary of the Commonwealth
Preparing to Have Oath Blanks
Printed—Capitol News.

There was a great deal of business going on at the Capitol yesterday, but very little of it had relation to matters of State. In the halls of the House and Senate and in committee rooms, classes of medical students were being examined. The House was being disposed of by most of the officers and the attendance committee was hard at work reading proof of the new Constitution. Secretary Ritchie and Executive Clerk Sam W. Eigger were representing Governor Montague over in the executive department, and were disposing of routine matters. Mr. Ritchie talked with the Governor over the long distance phone, and the latter said he and Mrs. Montague were enjoying their attendance upon the university finals very much. Governor Montague said he would leave Charlottesville for New York last night to address the "harmony" banquet in the latter city tonight. Governor Montague is to make an address at the banquet on the best method of getting the party together in 1904, for the coming Presidential campaign. He will return here to-morrow and will sit with the Board of Public Works on Saturday.

Mr. John H. Overby, of the State Auditor's office, received here yesterday afternoon the death of his brother, Mr. I. Overby, at his home, at Chase City, Tuesday. Mr. Overby was about 58 years of age, and had been in failing health for a long time. He had been prominent in business in Charlotte county and was one of her most worthy and respected citizens. Mr. Overby married a daughter of the late Judge Wood Bouldin, of the Court of Appeals, and she, with several children, survives him.

Dr. A. S. Priddy, of Charlotte, member of the State Board of Medical Examiners, and long a member of the House of Delegates from his county, is here attending the board meeting at the Capitol. Dr. Priddy, who is now assistant superintendent to the Southwestern Hospital at Marion, was warmly greeted by his old friends at the Capitol.

A private letter received here yesterday announced the candidacy of County Judge G. W. Breckenridge of Botetourt, for judge of the new Nineteenth Circuit, which embraces the counties of Alleghany, Highland, Bath and Botetourt. Up to this time the only candidate in the field was Judge George K. Anderson, the member of the convention from Alleghany and Bath.

Secretary of the Commonwealth D. Q. Eggleston is making arrangements to have the oath blanks printed to be used by those officers required to take the oath under the new Constitution. These blanks will be signed by the officers, as the schedule says "take and subscribe."

The class of medical students is being further examined by the State Board at the Capitol.

Several overflow meetings were held yesterday in the House as the House is not large enough to hold the entire class. The work will be completed to-day.

Labor Commissioner Doherty is very busy getting statistics for his next annual report. Mr. Doherty has received some very handsome souvenirs of the recent B. L. E. Convention, which was held in Norfolk.

The following charters have been received in the office of the Secretary of the Commonwealth:

Odd-Fellows: Home of Virginia; Pulaski School Co., Albemarle Manufacturing Co.

Mr. W. H. Perkins, treasurer of Mid-dlesex, was a caller at the State Library yesterday.

SECRETLY AND QUIETLY.

Coffee Slowly and Steadily Poisons Some Persons.

There is no doubt that coffee secretly and quietly causes an immense amount of misery to the human race, but in the majority of cases the person does not suspect the cause of the trouble.

A Virginia lady had an interesting experience with coffee. She says:

"For about five years I was troubled with indigestion, weak stomach and palpitation of the heart so bad at times I would fall and have to be carried into the house. Finally I began to have spells and suffered until I nearly starved myself, but never suspected that coffee was the cause of all the trouble, nor did I have any idea what the cause was.

One day my mother told me I had been reading how Postum Food Coffee helped so many people who were sick from coffee drinking, and he urged me to leave off coffee and try Postum. I said, 'Oh, Father, I cannot try it and do not believe it would do me any good.' But he persuaded me to try a package.

The first making tasted so flat that it made me half sick, so I determined to give it a fair trial, so I read the directions carefully and found that it must be boiled at least fifteen minutes. Well, I boiled it 25 minutes then added some cream and, I tell you, it was delicious. I like it better than the ordinary coffee and, of course, stick to it.

Well, I have been using it since the 15th of July now, quite two months. I have gained about 25 pounds. I gained six pounds in 33 weeks, and can eat anything I want, and all that I want. My stomach never hurts me. I have gained strength, until now I can do my own work and go to church every Sunday.

People say, 'You are looking so well, what kind of medicine are you taking?' I tell them I have quit all kinds of medicine and also coffee and am only using Postum Food Coffee.

You may be sure I will recommend it and will guarantee a cure where the person will boil it long enough and drink enough of it. I would do without a meal for the sake of one cup of Postum.

I could tell a lot more, but space will not permit. I have already written this letter and my name also for the benefit of others." Mrs. A. T. Brown, Central Station, Va. Va.
